Anti-Bullying

Introduction and General Principles

1) Policy objectives

- This policy outlines what The Canterbury Academy will do to prevent and tackle all forms of bullying.
- The policy has been drawn up through the involvement of the whole school community and we are committed to developing an anti-bullying culture where no bullying of adults, children or young people will be tolerated.

2) Our school community

- Discusses, monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports all members of staff to promote positive relationships to prevent bullying.
- Will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensures that pupils are aware that all bullying concerns will be dealt with sensitively and effectively; that pupils feel safe to learn; and that pupils abide by the anti-bullying policy.
- Requires all members of the community to work with the school to uphold the anti-bullying policy.
- Reports back to parents and carers regarding concerns on bullying and deals promptly with complaints.
- Seeks to learn from good anti-bullying practice elsewhere.
- Utilises support from the Local Authority and external partner and other relevant organisations when appropriate.

3) Definition of bullying

- Bullying is behaviour by an individual or a group, usually repeated over time that intentionally hurts another individual either physically or emotionally.
- Bullying can include: name calling; taunting; mocking; making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours.
- This includes the same inappropriate and harmful behaviours expressed via digital devices (cyberbullying) such as the sending of inappropriate messages by phone, text, Instant Messenger, through websites, social media sites and apps, and sending offensive or degrading imagery by mobile phone or via the internet.

4) Forms of bullying covered by this Policy

- Bullying can happen to anyone. This policy covers all types of bullying including:
- Bullying related to race, religion or culture.
- Bullying related to SEND (Special Educational Needs or Disability).
- Bullying related to appearance or physical/mental health conditions.
- Bullying related to sexual orientation (homophobic bullying).
- Bullying of young carers, children in care or otherwise related to home circumstances.
- Sexist, sexual and transphobic bullying.

- Bullying via technology, known as online or cyberbullying.

5) Preventing, identifying and responding to bullying

The school community will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others which will be upheld by all.
- Work with staff and outside agencies to identify all forms of prejudice-driven bullying.
- Actively provide systematic opportunities to develop pupils' social and emotional skills, including their resilience.
- Recognise that bullying can be perpetrated or experienced by any member of the community, including adults and children (child on child abuse).
- Provide a range of approaches for pupils, staff and parents/carers to access support and report concerns.
- Challenge practice which does not uphold the values of tolerance, non-discrimination and respect towards others.
- Consider all opportunities for addressing bullying in all forms throughout the curriculum, supported with a range of approaches such as through displays, assemblies, peer support and the school/student council.
- Regularly update and evaluate our approaches to take into account the developments of technology and provide up-to-date advice and education to all members of the community regarding positive online behaviour.
- Train all staff including teaching staff, support staff and pastoral staff to identify all forms of bullying, follow the school policy and procedures (including recording and reporting incidents).
- Proactively gather and record concerns and intelligence about bullying incidents and issues so as to effectively develop strategies to prevent bullying from occurring.
- Take appropriate, proportionate and reasonable action, in line with existing school policies, for any bullying brought to the school's attention which involves or affects pupils even when they are not on school premises, for example when using school transport or online etc.
- Actively create 'safe spaces' for vulnerable children and young people.
- Use a variety of techniques to resolve the issues between those who bully and those who have been bullied.
- Work with other agencies and the wider school community to prevent and tackle concerns.
- Celebrate success and achievements to promote and build a positive school ethos.
- Be encouraged to use technology, especially mobile phones and social media positively and responsibly.

6) Involvement of pupils

We will:

- Regularly canvas children and young people's views on the extent and nature of bullying.
- Ensure that all pupils know how to express worries and anxieties about bullying.
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying.

- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Publicise the details of helplines and websites.
- Offer support to pupils who have been bullied and to those who are bullying in order to address the problems they have.

7) Liaison with parents and carers

We will:

- Make sure that key information (including policies and named points of contact) about bullying is available to parents/carers in a variety of formats.
- Ensure that all parents/carers know who to contact if they are worried about bullying.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively to raise concerns in an appropriate manner.
- Ensure all parents/carers know where to access independent advice about bullying. Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying.
- Ensure that parents work with the school to role model positive behaviour for pupils, both on and offline.

8) Links with other school policies and practices

This policy links with a number of other school policies, practices and action plans including:

- Behaviour policy

Dealing with Bullying Incidents

The following steps may be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached through referral to the pastoral team, who

will report through CPOMs. This will then be investigated by the Year Team.

Appropriate actions for the perpetrator and victim will follow.

- A clear and precise account of the incident will be recorded and given to the Year Team for investigation, as above.
- The Year Team will interview all parties involved and will record the incident in accordance with school procedures.
- If found to be a case of bullying, we will ensure a robust system of pastoral care for both victims and perpetrators.
- Teachers/Mentors and other relevant members of staff will be kept informed as appropriate.
- When responding to cyberbullying concerns the school will take all available steps to identify the bully, including looking at the school systems, identifying and interviewing possible witnesses, and contacting the service provider and the police, if necessary.
- If content posted online is offensive or inappropriate, and the person or people responsible are known, then the school will ensure that they understand why the material is unacceptable or offensive and will request that they remove it.
- If a criminal offence has been committed then the police may need to be involved to enable the service provider to look into the data of another user or to respond to credible threats of harm.
- Where the bullying takes place outside of the school site (including cyberbullying) then the school will ensure that the concern is investigated, and that appropriate action is taken in accordance with the school's behaviour and discipline policy.
- Parents/carers of all children involved will be kept informed.
- Sanctions will be used as appropriate and in consultation with all parties concerned.
- If necessary and appropriate, the police (if a criminal offence has been committed) or other local services (including children's social care where a child is felt to be at risk of significant harm) will be consulted or involved.

Pupils who have been bullied will be supported by:

- Offering an immediate opportunity to discuss the experience with the pastoral team.
